THE NEPHCURE (EVENT NAME)
Saving Kidneys. Saving Lives.

Walk to support research for Nephrotic Syndrome on (DATE) at (LOCATION).

* * * * *

(CITY, STATE, TODAY'S DATE) _____ will be organizing a NephCure Walk on (DATE)

(Tell your story...) (Patient) has been living with (Condition) for the past (Number of Years). FSGS and related diseases that cause Nephrotic Syndrome are complex conditions that impact different people in different ways. This makes it challenging to find resources and answers that patients and their families need, to help navigate their way through every stage of these diseases. NephCure Kidney International provides the information and tools relevant to them no matter where they are on the journey – from diagnosis and treatment to management and remission.

Our NephCure events create awareness, education, and the funds needed to support our mission to find better treatments and a cure for FSGS and the diseases that cause Nephrotic Syndrome. Join our community, get involved and support families like the (Your Last Name) family by participating in the fight to discover the cure. Registration for the walk will begin at (Time) and the walk will start at (Time). There is no registration fee, but fundraising is encouraged. All participants who register online at (Walk Webpage URL) will receive a NephCure T-Shirt. LOCAL SPONSORS INCLUDE...

All proceeds will benefit NephCure Kidney International. NephCure Kidney International's mission is to accelerate research for effective treatments for rare forms of Nephrotic Syndrome, and to provide education and support that will improve the lives of those affected by these protein-spilling kidney diseases.
